Distinctive Designer Towel Bar Warmer

Stepping out of the shower or bath to a warm towel is a lavish indulgence. The Pensotti line of Distinctive Designer Towel Bar Warmers offers an affordable option to obtain this luxurious experience.

Pensotti Towel Warmers provide just the right combination of stylish European design and efficient functionality at a economical price.

The Pensotti Towel Warmer can be used anywhere in the home but is perfectly sized for providing additional heat in bathrooms.

Available in both straight and curved designs with white and chrome finish options, With a variety of heights and BTU outputs the Pensotti Towel Warmers will accommodate almost every space.

All Pensotti Towel Warmers feature bottom pipe connections and include the mounting hardware. Multiple valve and pipe adapter options to accommodate all piping scenarios are available separately.

When using the optional TRV valves Individual temperature control is possible, for added comfort and efficiency.
